

Dear Client:

We have enclosed for your information the most *important payroll tax provisions which take effect on January 1, 2011.*

Items that you should note are:

- The Social Security (FICA) tax should be withheld at a rate of 4.2% (.042) from employee's wages up to a maximum wage base of \$106,800. The Medicare tax should be withheld at 1.45% (.0145) on all wages. For 2011, the employer matches the Medicare taxes withheld from employees' wages, and must pay FICA tax at a rate of 6.2% (.062) from employee's wages up to a maximum wage base of \$106,800.
- The Self-Employment tax rates are the same as the FICA and Medicare rates; however, a self-employed taxpayer pays both the employer and employee share of these taxes. (FICA at 10.4% of earnings up to \$106,800 and 2.9% on all earnings from self-employment).
- **You must make your deposits electronically in 2011.** See exception below. The banks will no longer accept paper coupons. **When making EFTPS payments always initiate the payment at least one business day prior to the due date.**
- \$100,000 Next-Day Deposit Rule – If your accumulated Form 941 tax liability reaches \$100,000 on any day during a deposit period, your deposit is due by the next banking day. If you are a monthly schedule depositor and accumulate \$100,000 tax liability on any day, you become a semi-weekly depositor on the next day and remain so for at least the rest of the calendar year and for the following calendar year.
- \$2,500 Rule – If your total liability for the quarter is less than \$2,500, you can pay the amount when you file your Form 941 instead of making deposits electronically. If you are not sure your total tax liability for the quarter will be less than \$2,500, deposit electronically using the monthly rules so you will not be subject to failure-to-deposit penalties.
- Mileage rate for 2011 has increased to 51 cents.

2011 CALIFORNIA PAYROLL TAX INFORMATION

SUI: Various rates; LIMIT \$7,000. State unemployment insurance (SUI) experience rate is stated on your report.

SDI: 1.20% on wages up to \$93,316. Maximum \$1,119.79.

ETT: 0.1% LIMIT \$7,000 per employee per calendar year.

CALIFORNIA'S MINIMUM WAGE: \$8.00, effective January 1, 2008.

FEDERAL MINIMUM WAGE: \$7.25 effective July 24, 2009

Change in Quarterly Reports: The quarterly reporting Form DE6 will be replaced by Form DE9. The new form is similar to the annual reconciliation Form DE7 currently only required at year end. The new form expands the amount of reporting due quarterly, but eases the requirement to track SUI and ETT liabilities.

New Employee Registry: All employers are required to report new employees to the New Employee Registry (NER) Program. Within 20 days of the start of work date all employees newly hired, rehired or returning to work from a furlough, separation, leave of absence without pay, or termination must be reported.

Employers may use (1) The Employment Development Department Form DE 34 *Report of New Employee(s)*, (2) a copy of the IRS Form W-4 *Employee(s) Withholding Allowance Certificate*, (3) or their own reporting form. Magnetic media reporting may also be used to report new employees. Multistate employers, who report new hires on magnetic media, can select one state that they have employees in to report all new hires.

Personal Income Tax (PIT) Withholding: The California PIT withholding deposit threshold is \$350.

Although employer UI and ETT taxes are due quarterly, withholdings taken from employees' wages for SDI and California PIT may need to be deposited more often. State deposit due dates are generally the same as federal deposit due dates. Penalty and interest are charged on late deposits.

Independent Contractor Reporting Requirements: Any business and government entity that is required to file Form 1099-MISC for services performed by an independent contractor must also file Form DE 542 with the EDD within 20 days of either entering into a contract for \$600.00 or more, or making payments totaling \$600.00 or more in any calendar year.

Internet Filing Available: For current status of internet filing capability, please visit the Employment Development Department web site at www.edd.ca.gov, or check the latest *California Employer* quarterly newsletter.

Overtime Pay: These provisions are effective January 1, 2000:

Overtime – Time-and-a-half must be paid for hours worked:

- In excess of 8 hours in a day up to and including 12 hours in a workday
- In excess of 40 hours in a week
- On the seventh consecutive day of work in any workweek (for the first 8 hours)

Double Time – Double time must be paid for hours worked:

- In excess of 12 hours in a day
- In excess of 8 hours on the seventh consecutive day of work
